

variables in python

Kevin Stachelek

2018-09-12

Come and join CodeOn! and improve your coding for the new era

Our second meeting will be:

September 12th 5:30-6:30pm in NTT (Norman Topping Tower) 4444

Topic: Types of Variables in Python and Functions for Interacting With Them

Bring your laptop and programming questions!

Can't make it, but want to stay in touch?
